

PRELIMINARY PROGRAMME OVERVIEW

Time	Sunday, May 17			Time
08:00	Breakfast Symposium 8:00 - 8:50			08:00
08:15				08:15
08:30				08:30
08:50	Transit Break 8:50 - 9:00			08:50
09:00	Debating the Future: What will be the Leading Perfusion Tracer in 2030 9:00 - 10:00	Imaging Cardiac Amyloidosis: State of the Art 9:00 - 10:00	Hands-On Education - PET MPI 9:00 - 10:00	09:00
09:15				09:15
09:30				09:30
09:45				09:45
10:00	Coffee Break with Exhibitors 10:00 - 11:00	Clinical Cases 10:10 - 10:50	Posters by Track/Theme Moderated Posters 10:10 - 10:50	10:00
10:15				10:15
10:30				10:30
10:45				10:45
11:00	The Pain That Lingers – Post-Revascularization Chest Pain: Case-Based Discussion 11:00 - 12:00	Case-based and Unique Regional Considerations and Approaches 11:00 - 12:00	Hands-On Education - Sarcoid/Amyloid/Inflammation/Infection 11:00 - 12:00	11:00
11:15				11:15
11:30				11:30
11:45				11:45
12:00	Coffee Break with Exhibitors 12:00 - 13:30	Satellite Symposium 12:10-13:00		12:00
12:15				12:15
12:30				12:30
12:45				12:45
13:00				13:00
13:15				13:15
13:30	Vascular Inflammation: Another Brick in the Wall for PET? 13:30 - 14:30	To Stent or Not to Stent? Imaging that Informs Intervention 13:30 - 14:30	Hands-On Education - F18 Blood Flow and Perfusion 13:30 - 14:30	13:30
13:45				13:45
14:00				14:00
14:15	Coffee Break with Exhibitors 14:30 - 15:30	Clinical Cases 14:40 - 15:20	Posters by Track/Theme Moderated Posters 14:40 - 15:20	14:15
14:30				14:30
14:45				14:45
15:00				15:00
15:15	Avijit Lahiri Young Investigator Awards Competition 15:30 - 16:30	Clinical Indications in FDG-PET/CT Imaging in Suspected Cardiovascular Infection: Comparing and Contrasting European and American Guidelines 15:30 - 16:30	Hands-On Education - CZT MPI 15:30 - 16:30	15:15
15:30				15:30
15:45				15:45
16:00				16:00
16:15	Inaugural Session 16:45 - 17:30			16:15
16:30				16:30
16:45				16:45
17:00				17:00
17:15	Networking Reception 17:30 - 18:30			17:15
17:30				17:30
17:45				17:45
18:00				18:00
18:15				18:15
18:30				18:30

PRELIMINARY PROGRAMME OVERVIEW

Time	Monday, May 18			Time
08:00	Breakfast Symposium 8:00 - 8:50			08:00
08:15				08:15
08:30				08:30
08:50	Transit Break 8:50 - 9:00			08:50
09:00	Intelligent Imaging: Evolving Role of Nuclear Cardiology Incorporating AI 9:00 - 10:00	Nuclear Cardiology in Cardiomyopathies 9:00 - 10:00	Hands-On Education - Sarcoid/Amyloid/Inflammation/Infection 9:00 - 10:00	09:00
09:15				09:15
09:30				09:30
09:45				09:45
10:00	Coffee Break with Exhibitors 10:00 - 11:00	Clinical Cases 10:10 - 10:50	Posters by Track/Theme Moderated Posters 10:10 - 10:50	10:00
10:15				10:15
10:30				10:30
10:45				10:45
11:00	Debate 1: CAD Showdowns – Choosing Wisely 11:00 - 12:00	Research and Abstracts 2 11:00 - 12:00	Hands-On Education - F18 Blood Flow and Perfusion 11:00 - 12:00	11:00
11:15				11:15
11:30				11:30
11:45				11:45
12:00	Coffee Break with Exhibitors 12:00 - 13:30	Satellite Symposium 12:10-13:00		12:00
12:15				12:15
12:30				12:30
12:45				12:45
13:00				13:00
13:15				13:15
13:30	Debates on the Role of FDG-PET Imaging in Infective Endocarditis Debate 1: CTA in Patients with Suspected Valvular IE Debate 2: FDG PET Imaging for Monitoring Disease Progression and Response to Therapy in Cardiovascular Infection 13:30 - 14:30	Powering Up PET: Precision Imaging for Ischemia 13:30 - 14:30	Hands-On Education - PET MPI 13:30 - 14:30	13:30
13:45				13:45
14:00				14:00
14:15				14:15
14:30	Coffee Break with Exhibitors 14:30 - 15:30	Clinical Cases 14:40 - 15:20	Posters by Track/Theme Moderated Posters 14:40 - 15:20	14:30
14:45				14:45
15:00				15:00
15:15				15:15
15:30	Ryder Cup Session 15:30 - 16:30			15:30
15:45				15:45
16:00				16:00
16:15				16:15
16:30	WIN Reception			16:30
16:45				16:45
17:00				17:00
17:15				17:15
17:30				17:30
17:45				17:45
18:00				18:00
18:15				18:15
18:30				18:30

PRELIMINARY PROGRAMME OVERVIEW

Time	Tuesday, May 19			Time
08:30	Cardiomyopathy Debates - Debate 1: Hot vs. Strong: PET-MR Showdown in Cardiomyopathies Debate 2: CAD Imaging Frontiers: Will CT or Nuclear Cardiology Lead the Way? <i>08:30 - 09:30</i>	Innovations in Nuclear Imaging <i>08:30 - 09:30</i>		08:30
08:50				08:50
09:00				09:00
09:15				09:15
09:30	Coffee Break with Exhibitors <i>09:30 - 10:15</i>	Clinical Cases <i>09:40 - 10:05</i>	Posters by Track/Theme Moderated Posters <i>09:40 - 10:05</i>	09:30
09:45				09:45
10:00				10:00
10:15	Transit Break 10:15 - 10:30			10:15
10:30	Clinical Cases in Cardiovascular Infection: Incorporating Radionuclide Imaging into a Multimodality Approach <i>10:30 - 11:30</i>	Debate 2: CAD Showdowns - Choosing Wisely <i>10:30 - 11:30</i>		10:30
10:45				10:45
11:00				11:00
11:15				11:15
11:30	Transit Break 11:30 - 11:45			11:30
11:45	Future Directions in Nuclear Cardiology <i>11:45- 12:45</i>	Case-Based Session: INOCA in the Real World – Where Art Meets Science <i>11:45- 12:45</i>		11:45
12:00				12:00
12:15				12:15
12:30				12:30
12:45				12:45
